## tesa 4317 finely crêped paper masking tape

- Adheres to many surfaces, including painted metals, rubber, glass and chrome finishings.
- Suitable for oven drying applications up to 80 °C
- Resistant to wet sanding

tesa 4317 finely crêped paper masking tape is thin, flexible and hand tearable, meaning that it is well suited for general masking applications. The natural rubber adhesive system means that it will adhere to painted metal, rubber, glass and chrome parts, while still being easy to remove.
