

ORANGE PVC PROTECTION TAPE

A heavy duty 130 micron matte PVC tape with an easy release coating of rubber based pressure sensitive adhesive on one side. The product adheres well to both glass and aluminium, and removes cleanly with no adhesive residue for up to 4 months.

FEATURES

The product is specially coated to allow an easy unwind whilst retaining its excellent medium tack properties. The easy unwind allows the product to be applied in wide widths (up to 1250mm).

APPLICATION

Ideal for protection of:

- Aluminium window frames during transport and installation
- Sheet metal fabrication
- Construction – particularly where bricklaying or rendering is involved

PROPERTIES	UNITS	VALUE	TEST METHOD
Tape Thickness	mm	0.130	PSTC-133
Adhesion to Steel	Kg/cm	0.12	ASTM D1000
Elongation at Break	%	180	PSTC-131
UV Resistant	Months	4	PSTC-131

Terms & Conditions

This product should be applied to a clean and dry surface. The adhesive of the product must not be exposed direct to the sunlight when applied. The above figures represent average values. The selection of a tape is the responsibility of the buyer. Tape should be stored at room temperature for no more than twelve months and should not be exposed to sunlight. We reserve the right to make changes without notice to our product and specifications
