

Hi-Tech Tapes™ Stretchable Tape

PRODUCT: HT500-36

ABOUT THE PRODUCT: A specially formulated PE tape with high tensile strength and elongation at break that is designed for holding palletised goods, particularly produce, in transport and in storage.

The product is compatible with the Safetech Stretch Tape Machine - stretching to six and a half times (650%) its original length, meaning great efficiency and value for money. This process increases the strength of the tape, while diminishing its adhesive properties.

FEATURES: The product has a variety of features:

- Allows ventilation and air flow, prolonging shelf life of fruit and vegetables
- Avoids sweating of produce
- Up to 95% waste reduction compared to stretch wrap or netting
- Transparent to allow for Logo's and Bar Coding systems
- Lower tack avoids carton delamination
- Reduces labor, disposal and handling costs

SPECIFICATIONS

Roll Width (mm)	36
Roll Length (M)	500
Total Thickness (mm)	0.180
Backing	PE
180°Peel Strength to Steel (g/25mm)	950~1050
Holding Power (1kg, min/25mm)	1000↑
Tensile Strength (kgf/25mm)	7↑
Elongation (%)	600↑

This product should be applied to a clean and dry surface. The above figures represent average values. The selection of a tape is the responsibility of the buyer. Tape should be stored at room temperature and should not be exposed to sunlight. We reserve the right to make changes without notice to our product and specifications.
