

tesa® 4440 PERFORMANCE OUTDOOR PROTECTION TAPE

Reliable Protection on Textured Powdercoated Surfaces

tesa® 4440 is a high-performance outdoor protection tape designed to provide reliable protection on tough-to-stick powdercoated surfaces such as Textura®. Constructed with a Washi paper backing, the durable tape is resistant to tears and scuffs. On top of this it is waterproof and resistant to the outdoor elements. The tape is coated with a special UV resistant acrylate adhesive to ensure clean removal for up to 6 months outdoors.

Features:

- Durable paper backing protects aluminium window and door frames during manufacturing, transportation and construction
- Ideal for both domestic and commercial builds
- Excellent adhesion on many tough-to-stick surfaces, including textured powdercoated surfaces such as Textura®
- Waterproof, tearproof and UV resistant to ensure longevity during builds
- 6 Month clean removal, even with high exposure to UV
